

# Route information Elfsteden Rowing Marathon 2024

- Dokkum exit: Altena brêge - take the middle bridge hole and then steer to starboard again due to oncoming rowing boats.
- Dokkum: keep starboard when leaving Dokkum (pay attention to bridges and right-angle bend); there is a boat and there are judges at the incoming and outgoing bridges. Follow their instructions!
- For the supervisors; there is traffic disruption on the Snitserdyk (N354) due to the construction of roundabouts in Raerd and Easterwierrum."
- No changing on the Zwette on the route Boksumerdam - Oosterwierum except for Weidumerhout (between Leeuwarden and Sneek)

- General: watch out for obstacles.  
This also applies to several very low bridges on the route: Dokkum, Sneek, AND Parrega. Always lie back and pass the bridges at an appropriate speed!
